

First MilanoR.net meeting

8th May - 2012

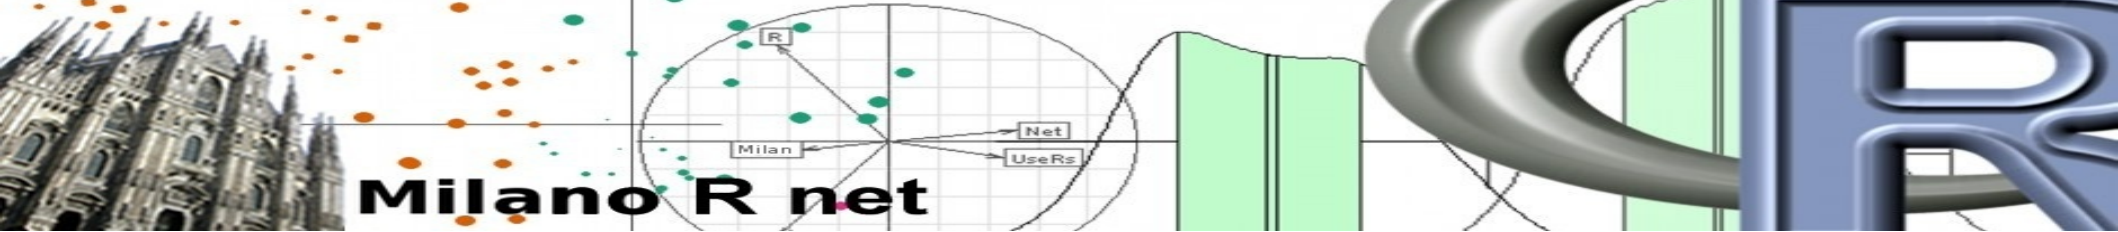

Andrea Spano'
andrea.spano@quantide.com

What is MilanoR.net ?

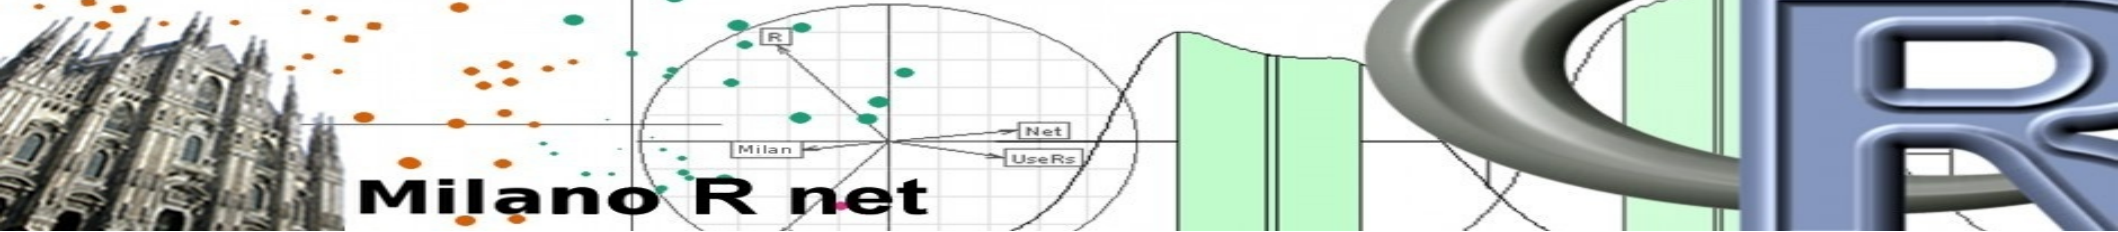

MilanoR.net is a local R user group dedicated to all R practitioners located around Milan.

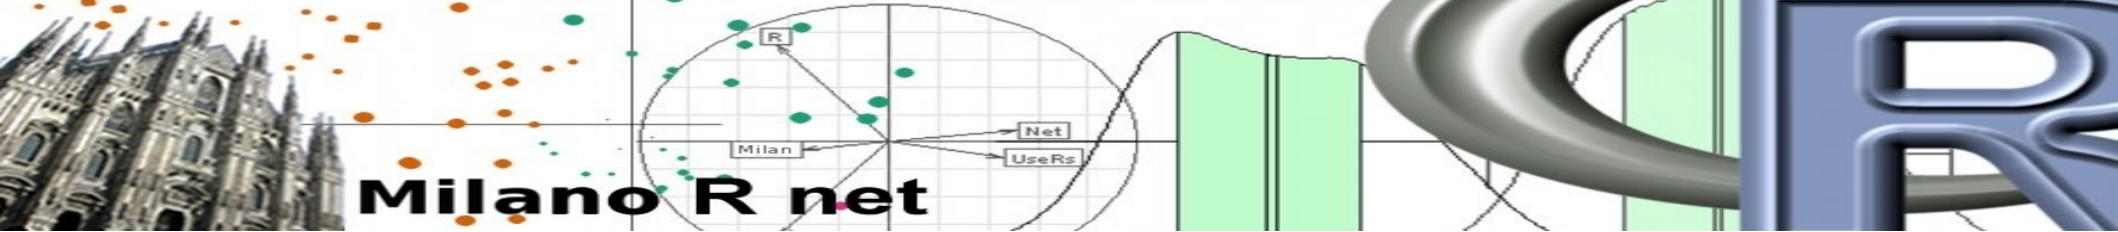

Who should join milanoR.net ?

MilanoR.net is an open group.
Anyone who has an interest in R
is more than welcome to join
the group.

What milanoR.net aims to

- ✓ Establish a common platform for local R users to present and exchange their experiences and ideas around the usage of R
- ✓ Facilitate sharing of R experience between academia and industry
- ✓ Organize training session and seminars
- ✓ Have international R gurus presenting locally
- ✓ Any other good “R related” idea ...

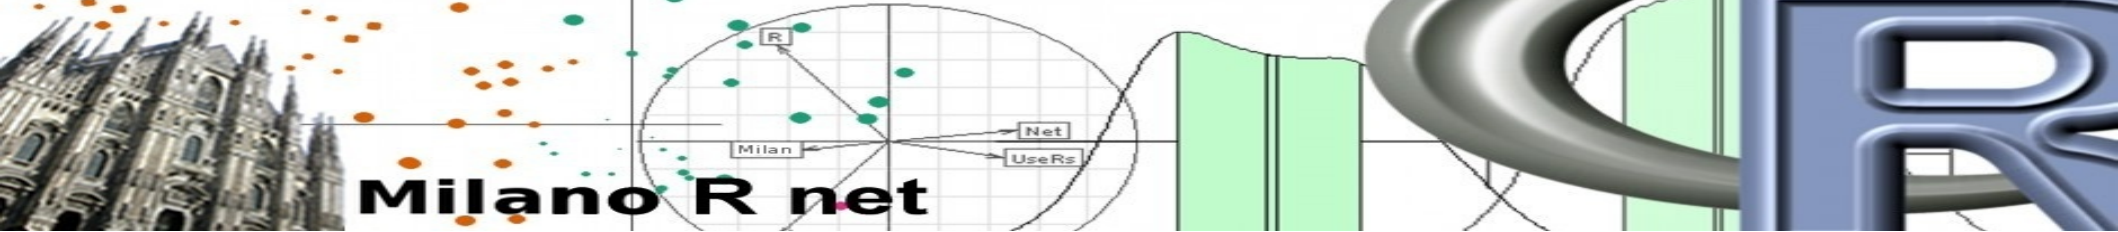

Who is Quantide?

- ✓ Quantide is an Italian company focused on R training and consulting
- ✓ Quantide is the sponsor of this event
- ✓ Quantide is the organization engine behind MilanoR.net

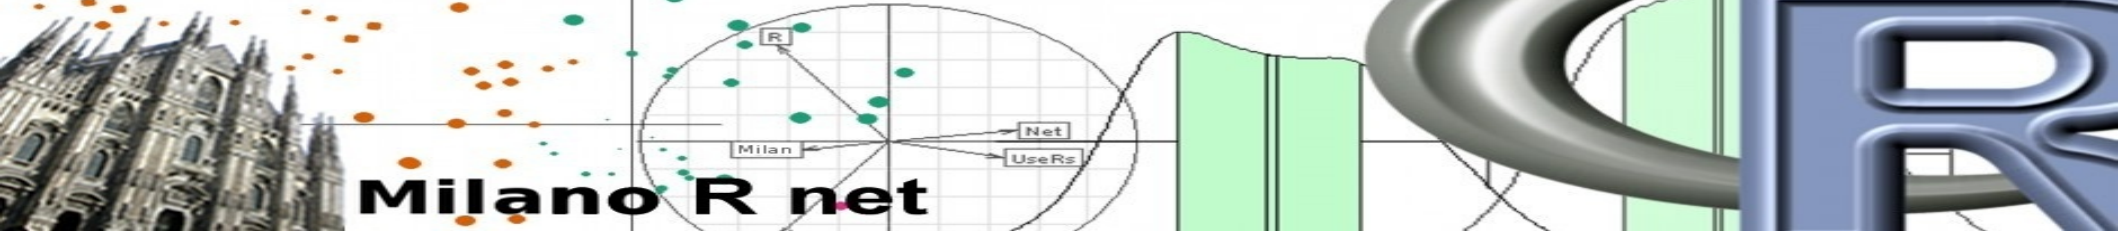

Who is Revolution-Analytics?
